Here is the First Problem
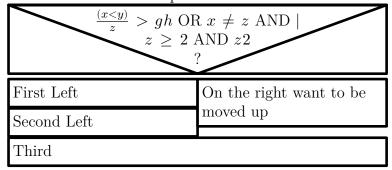

First Statement
Second Statement

With a % after the opening brace no problem!

First Statement
Second Statement

Second problem:

How do I avoid added space!

$$\frac{(x<y)}{z} > gh \text{ OR } x \neq z \text{ AND } |$$
$$z \geq 2 \text{ AND } z2$$
$$?$$

First Left	On the right want to be moved up
Second Left	
Third	

Should look like this

$$\frac{(x<y)}{z} > gh \text{ OR } x \neq z \text{ AND } |$$
$$z \geq 2 \text{ AND } z2$$
$$?$$

First Left	On the right want to be moved up
