

The Grid Table

This table works in reStructuredText (tested with Sphinx). Is there a way to support this in pandoc?

Raw Camera Data Range: 20	— 120cm (8in — 4ft)

Option 2

With rules for pandoc, to avoid centered rows being turned into verbatim (which makes sense):

Raw Camera Data Range: 20 —		
120cm (8in —		- 4ft)

Face recognition		
Detection	25 — 75 cm	
Landmark	30 — 100 cm	
Recognition	30 — 80 cm	
Expression	30 — 100 cm
